June 2, 2010

Flash4 Introduces New 5 Day Quick Ship Program

Flash4 continues to add additional programs to its product offerings. With a new Quick Ship program from Flash4, you can offer an additional 32 items that are pre-priced with quantity breaks. The advantage of this system is that these items do not require the normal two week lead time. Therefore, we will ship these items in 5 day's or less. These items are frequently ordered, however not at the volume of our standard stock items; thus the 5 day lead time and specified quantity break pricing. There is no need to call for quotes on these non-stock items because your price is pre-determined.

Flash4.com will continue to add additional processes for its valued resellers, such as the 5 Day Quick Ship Program and most recently, the 25M and Below Program. Our new Laser/Ink Jet Sheeted label program was also launched on April 14, 2010. Flash4 knows how important it is to offer you, our valued customer as many options as possible to add to your profit centers.

If you would like more information about this topic please contact us by calling 1-877-335-2744 (USA and Canada). You may also visit our website at www.flash4.com to follow up on the history, products available, and goals of Flash4.
